Gary

We have rented water pumps and will fill several of the tanks that are empty with enough water to prevent them from floating.

We are planning to send personnel from Nixon to Ingleside to assist Ingleside personnel to prepare.

Hello:

I need to know that you guys have everything buttoned up for the tropical storm/hurricane that may be hitting your area. Please let me know what preparations that you guys are making.

Also, I never received a written update from you guys on progress/non-progress.

Thanks
